

The Benefits of Membership

Working with members to deliver a sustainable aerosol industry

Welcome to BAMA

The British Aerosol Manufacturers' Association, BAMA, is renowned throughout the world for setting standards of excellence that are the best.

That is why, if your company isn't already a member, you should apply to join. Customers expect it and staff benefit from it.

Above all, BAMA's Standards, combined with the array of membership support services offered, provide the knowledge and advice needed to give BAMA members the edge over the competition.

The British Aerosol Manufacturers' Association (BAMA) is a trade association which represents the UK aerosol industry.

BAMA's membership covers every aspect of the aerosol sector ranging from component and ingredient suppliers to fillers and marketers.

The Association offers a range of business support services and technical guidance as well as lobbying industry views to legislators and regulators.

As part of the FEA, the European Aerosol Federation, we are able to link to associations throughout the world, offering members a truly global service.

setting standards
of excellence that
are the best

What can BAMA do for you?

BAMA members have access to a team of industry experts and benefit from a full time secretariat who represent their interest with government and regulatory groups, at both national and international level.

- Prompt information and support on aerosol matters
- Effective EU and UK industry advocacy on legislation and proposed regulations
- Preferential rates on up-to-date training delivered by industry experts
- Annual filling statistics by sector
- Free BAMA publications, test methods, and expert guides to the latest legislation and best practices in manufacturing
- Participation in the BAMA committees, to brainstorm with colleagues in your sector and help shape the development of your industry
- Resources to keep atop of the REACH requirements, including the BAMA indoor model
- CPD-certified industry events for your staff
- Free presentation platforms for your technical innovations
- Unmatched networking opportunities

FAQs

I am new to the Aerosol industry, what support can I get?

BAMA delivers a range of services for Members, including: CPD certified training, quarterly newsletter with technical and regulatory updates, quarterly webinars, and telephone support on any aspects of the aerosol production and distribution.

What opportunities will I have to increase visibility for my products or services?

There are plenty of ways for you to get visibility at BAMA events, where you can deliver a presentation to regional or international audiences, but also through our industry news publication, Aerosol Focus, and via the BAMA online presence. All of these services come as standard with your Membership, there are no extra charges.

Your Membership runs from January to December: what if I wanted to join mid-year?

It is possible to apply to become a member at any point during the year. For those companies that become members in the first half of the year, the membership fee is pro-rated until December of that year. Should you become a member after 30th June, there is a requirement to commit to be a member until the December of the following year.
