

WEDNESDAY 16 OCTOBER

12.00-12.55pm Registration and lunch

12.55-1.05pm Welcome Tony Brealey, Chairman, BAMA

BAMA's Chairman, Tony Brealey of Reabrook Ltd, will introduce all guests to the BAMA Forum and explain the format of the conference and awards evening.

1.05-1.20pm Introduction and BAMA update Patrick Heskins, Chief Executive, BAMA

Patrick will provide you with an update on what BAMA has been working on and current industry trends. He will also highlight the great success of the UK filling figures along with the Association's view on Brexit.

1.20-1.50pm Ready for real recycling? Tony Waite, President, The Association of European Producers of Steel for Packaging (APEAL)

The legislative landscape for packaging is changing and public debate is pushing the packaging industry towards ever greater levels of circular performance. This presentation will explore what real recycling means and how it can be achieved.

1.50-2.30pm Dry shampoos: evolution, revolution and regulation Andrew Robertson, Technical Service Chemist, Nouryon

A product which has become commonplace in the hustle and bustle of the 21st century. But how did it get to be so popular? What kinds of change is it undergoing today? What are some formulary solutions for these changes? And where can we expect it to go in the future? Join us as we answer these questions and discuss the booming world of dry shampoo.

2.30 – 3.00pm Tea and coffee

3.00-3.30pm Spotting, riding and shaping the flux Tom Podkolinski, CEO, uMist Technologies Ltd

The world of Industry is an ever-changing space, now more rapidly than ever. Companies that didn't exist five years ago are now worth billions, whilst other companies that have been around for over 100 years drop like flies. Unprecedented change is here to stay. Tom will explore key points from the world of change and how, through his experience, he is working with companies on how to survive, as well as influence the flux around them.

3.30-3.50pm Advice on no-deal preparation Lee Vousden, Policy Manager, Chemicals, Department for Business, Energy & Industrial Strategy

Lee will discuss HMG help and advice to businesses on preparing for no-deal Brexit.

3.50-4.10pm Blockchain and the supply chain Wen Chen, Director, CLAP Associates

We often hear about Blockchain and Distributed Ledger Technologies (DLT), but what is it and what does it mean for manufacturers and the fast-moving consumer goods (FMCG) industry? Wen will discuss current developments and how they may impact the supply chain of retail and consumer goods, including aerosols.

4.10-5:00pm AGM – BAMA members only

THURSDAY 17 OCTOBER

- 9.30-10.30am** **Creating that “Icing on the cake” moment** **Hardip Pabla, Founder and Managing Director, Perfect Little Cakes**
In this fun packed session Hardip will demonstrate the most popularly used aerosols and hopes to help discover your inner artist! The session involves making some decorations, and along the way, some tips on how you can do a lot with the simplest of tools. It's a fast session with a Generation Game feel – to start the day with a giggle.
- 10.30-11.00am** **Driving systems change in turbulent times** **Hannah Pathak, Director, Forum for the Future**
This session will cover an overview of the partnership between Forum for the Future and BAMA. Hannah will explain how Forum works: using systems change, theories of change, and futures scenarios to tackle some of the world's biggest challenges and create catalytic change. Plus, the challenges we face and the impacts on the manufacturing sector at large, and the aerosol manufacturing industry specifically: the scale, pace and urgency of the climate crisis; waste management; changing consumer demands; socio-political trends; the digital world; and biodiversity loss. Hannah will finish on the role of collaboration in tackling these challenges.
- 11.00-11.30am** **Membership, professional development and collaboration for chemists in industry** **Jessica Evans, Membership Recruitment Executive and Jenny Lovell, Programme Manager, Innovation, Royal Society of Chemistry**
How can chemists working in industry develop their career, and how can UK businesses solve their big chemistry challenges? This presentation from the Royal Society of Chemistry will provide an overview of the support available to professionals and collaborative programmes for industry.
- 11.30-12.00pm** **Tea and coffee**
- 12.00-12.30pm** **The latest on US activities that affect the aerosol industry** **Nicholas Georges, Senior Director, Scientific & International Affairs, Household & Commercial Products Association**
From what goes into the container to what is on the label, US requirements for aerosol products of all kind has been changing. This presentation will provide attendees with a high-level overview of the legislative and regulatory changes occurring in the US for aerosol products.
- 12.30-12.50pm** **Innovation in the FMCG sector** **Satty Sahota, Key Account Manager for FMCG Sector, Manufacturing Technology Centre (MTC)**
How do we innovate and become more competitive in the FMCG sector?
- 12.50-1.10pm** **UK Regulatory Update** **Paul Jackson, Technical Director, BAMA**
Paul Jackson will update you on the latest changes to UK and EU regulations affecting aerosols, and how BAMA proposes to respond to the several Government policy initiatives on packaging waste, recycling, VOCs and indoor air quality.
- 1.10-1.15pm** **Closing remarks** **Tony Brealey, Chairman, BAMA**
- 1.15pm** **LUNCH and CLOSE**

Note: details in this programme may be subject to change.
