

## WEDNESDAY 12 OCTOBER

### 12.00–12.55pm Registration and lunch

---

1.00–1.05pm

#### Welcome

##### **Adrian McCretton, Chairman - BAMA**

BAMA's Chairman, Adrian McCretton of kdc/one Swallowfield, will introduce all guests to the BAMA Forum and explain the format of the conference and awards evening.

1.05–1.15pm

#### BAMA update

##### **Patrick Heskins, Chief Executive, BAMA**

Patrick will provide you with an update on what BAMA has been working on and current industry trends.

1.15–1.35pm

#### Driving improvements in UK aerosol recycling

##### **Amy Billingham, PR Manager, Alupro**

An overview of The UK Aerosol Recycling Initiative, where we are now, our plans for future success and how to get involved.

1.35–2.00pm

#### When the single market is not a single market

##### **Jean Blottiere, CEO, French Aerosols Association (CFA)**

In France, aerosols are not treated the same as in the rest of EU or the UK for certain aspects. Some laws are specific to France and although it can create opportunities like calculating an aerosol recycling rate, it can create complexity which is outside FEA scope. For example illegal labelling or new labelling for aerosol collection to recycling.

2.00–2.30pm

#### Renewable liquid gases and transition to Net Zero

##### **Richard Hakeem, Director of Safety & Technical Policy, LGUK**

Renewable liquid gases will play a key role in the decarbonisation of heat, both domestically, commercially and industrially. As a 'drop in' alternative to traditional LPG, renewable liquid gases are efficient and sustainable, providing choice and flexibility for the end user. bioLPG and rDME are two renewable liquid gases that are propelling the UK industry to support the industry's transition to be 100% renewable by 2040.

2.30–3.00pm

#### Tea and coffee

---

3.05–4.00pm

#### The key to inclusion

##### **Rob Neil OBE, Director, Krystal Alliance (KA)**

A short introduction to Cultural Intelligence (CQ) as the key to leading your teams in a more inclusive way.

4.00–4.30pm

#### Circular economy innovation

##### **Amy Peace, Innovation Lead, Circular Economy**

An overview of the importance of innovation using Circular Economy principals; the challenges of implementing these business changes in the real world; and Innovate UK support to help you.

4.30–5.00pm

#### AGM – BAMA members only

---

## THURSDAY 13 OCTOBER

- 9.00–10.30am** **Interactive session – tea from an aerosol can**  
**Guy Woodall, Owner, No More Tea Bags and Yum Cha iced tea concentrates**  
Guy will discuss the history and the patents of the "No More Tea Bags" aerosol tea range. This will be followed by an iced tea and hot tea tasting session.  
Can tea from an aerosol really compete with a freshly brewed pot? This is your chance to find out.
- 
- 10.30–10.45am** **Tea and coffee**
- 
- 10.45–11.10am** **100% polymer aerosol**  
**Kurt Wolschleger, Vice-President NA Consumer Cleaning, Food and Global Aerosols, Plastipak**  
Review features, benefits, and sustainability of 100% polymer aerosol and opportunities to grow the market for aerosols.
- 11.10–12.00pm** **UK REACH for the independent GB market: progress to date and future options**  
**Simon Tilling, Partner, Chemicals and Life Sciences, Steptoe & Johnson UK LLP**  
Outside of the EU, the UK has the freedom to set its own chemicals regulatory regime. In this presentation we will consider the transition to UK REACH so far, the potential for regulatory divergence into the future, the status of the current Defra workstreams into REACH reform, and how to prepare for an uncertain future.
- 12.00–12.20pm** **Sustainability in the aerosol industry**  
**Patrick Heskins, Chief Executive, BAMA**  
In the coming years all industries will be affected by the need to reduce or eliminate their impact on the planet. The aerosol sector will not be immune. We need to look at how to respond to the challenges this will present.  
In this presentation, Patrick will set out some of the issues we believe we will need to respond to in the next 5, 10 and 20 years, and some which may need to be addressed even sooner.
- 12.20–12.45pm** **Regulatory update**  
**Paul Jackson, Regulatory Affairs Director, BAMA**  
Paul Jackson will update you on the latest changes to UK and EU regulations affecting aerosols.
- 12.45pm** **Closing remarks**  
**Adrian McCretton, Chairman, BAMA**
- 
- 12.45–1.30pm** **Lunch and close**

*Note: details in this programme may be subject to change.*
